To Whom It May Concern:

This letter is in recommendation of Transworld Systems. Transworld has been a valuable partner to our company since August 2008. Since our relationship began both Ryan Reid and Transworld has impressed us with both professionalism as well as results.

Ryan Reid has provided more than just an initial introduction to his company. After the sale Ryan continued his relationship with our company. With appropriate frequency Ryan has followed up with our company to see if we had any questions as well as to offer suggestions on maximizing our collections and getting the most of Transworld Systems.

Transworld Systems as a whole has also proven to be professional with their verbal and printed communication to our clients and our company. In the two years since we began using Transworld we have not received any legitimate complaints from customers about the Transworld staff. Transworld Systems has helped streamline our collection process and increase revenues received from our accounts that go to collections.

I fully recommend the use of Transworld Systems and we especially like working with Ryan Reid as part of the relationship with them.

Respectfully,

Lifestar Emergency Medical Services, LLC.
